Company 得獎者: Ministry of Design

Project 得獎作品: Face To Face

Project team 設計團隊: Colin Seah, Dennis Cheok, Wu Kansheng, Cheryl Lum, Danis Sie, Roberto Rivera, Bryan Law

The project aimed to provide a service office and meeting environment that captures an emerging need for more lifestyle orientated workplaces. As a redefined experience, Face to Face introduces a 'conciierge' and 'guest relations officer' instead of the typical passive receptionist. It defamiliarises the distinction of a reception counter by turning it into a pantry 10m-long sculptural bar, meeting table cum play table. A full-length graphic wall made of all-black canvas, coupled with dramatic lighting and various reflective/matte surfaces, provides a dynamic and unconventional setting for an office.

Face to Face辦公室的設計，旨在以時尚生活為靈感，創造出獨特的服務式辦公室及會議空間，以切合工作室場所日漸流行的時尚生活主題。辦公室經過重新定位，並沒採用傳統較為被動的接待員，反而引入「旅館式櫃檯職員」及「訪客關係主任」的趣味構思，為傳統接待處帶來玩味新意，接待處更可化身為餐區，十米長的精緻長桌既是吧檯，又是可供交談或玩樂的場地。接待處整幅牆壁是大型繪圖，以全黑畫布製成，配以矚目的燈光及各個光射面，使辦公室反傳統並充滿年輕活力。

Located in the Uzbekistan International Forums Palace, located on Amir Timur Square in the heart of the Uzbek capital Tashkent, the palace was opened in September 2009. A jewellery shop, housed in one of two historic bell towers providing the design prelude to this representative ensemble, was designed as part of the project. Dark walls are completely overlaid with laser-cut decorative ornamentation, made from highly-polished stainless steel panels that depart from the wall surface and enter the space itself.

Uzbekistan International Forums Palace位於烏茲別克首都塔什干中心地帶的Amir Timur廣場，於二零零九年九月開幕。兩座歷史悠久的鐘樓之一設有一間珠寶店，珠寶店是設計項目的一部分，亦為整個具代表性的綜合項目揭開序幕。珠寶店牆身色調深沉，鋪有以鏤射切割並加以磨光的不銹鋼鑲板作裝飾，裝飾從牆身一直伸延，遍佈整個空間。
