LINDEN-APOTHEKE

Project Information:
Designer: soapstone (Graz, Austria)
Partner: MarFilm.Graz (Graz, Austria)/MarFilm.St Pölten (St Pölten, Austria)
Photographer: Peter Goll (Graz, Austria)
ProjectMotto: Formwork: 19, Trichtersweg, Germany
Size: 129m²

Project Description:

The Linden Apotheke is an old-established pharmacy in Ludwigshurg.

A rigorous reorganisation of the space resulted in a compact, high-quality interior which immediately accommodates him, with emphasis on careful planning of the decoration, the use of materials and the layout of the areas.

The counter of the store is the focal point of the design, as is the case with all good design. The counter is a central feature of the store, and it is the central point around which all other elements of the design are organized. The design is based on a deep understanding of the needs of the customers, and it is designed to create a welcoming and inviting space for them.

The design is also characterized by the use of high-quality materials, such as wood and glass, which add to the overall aesthetic appeal of the store. The use of natural light and the incorporation of plants and other natural elements also contribute to the overall design.
