Total Storeys: 3 mezzanine floors

Floor Area: 102sqm

Photographer: Zooney Braun

The FouFou is a champagne bar situated at the very edge of Stuttgart's red light district. Opening onto a small square, it occupies a corner building that formerly housed an antique shop. The interior design was inspired by the building's location and history, resulting

in a space where boudoir meets salon. The FouFou makes optimum use of the limited space at its disposal: Four separate salons, each with its own unique character, stretching over three storeys.
